Class of 2012 8th Grade Orientation

January 30, 2008

Dear Parent/Guardian and Student:

Although the academic year has only reached its mid-point, we are looking forward to the entrance of our new freshman class in September 2008! On behalf of the staff and administration at the Edmund W. Miles Middle School and Amityville Memorial High School, it is my pleasure to invite you to attend our **8th Grade Parent Night** on Thursday, February 7, 2008, at 7 PM in the high school auditorium.

This evening is designed to assist you and your student in making a successful transition to the high school. The program will provide an overview of the NYS graduation requirements, a discussion of 9th grade course offerings, a glimpse of a typical schedule, extra-curricular activities, and summer orientation.

Please make every effort to attend this informative orientation session as it will assist you and your student in making a smooth transition to AMHS.

We look forward to meeting with you.

Sincerely,

Patricia Hausfeld
Director of Guidance
