

WANTED

The Heart **For Pumping blood to the rest of the body**

The heart is wanted to pump blood to the body and oxygenate blood. The heart was last seen behind the rib cage on the upper left side. Watch out for heart disease, aortic aneurysms, heart failure and coronary artery disease. All are known to attack hearts

The heart has also been known to work with other systems, beside the circulatory system, by sending blood throughout the body.

The heart might also be found using the alias "The Love Muscle"

If you do not find your heart call 911
